## 10 years warranty

We provide warranty to our customers that all cabinets and doors manufactured will be free from defects in materials and workmanship for a period of 10 years from the date of purchase. However, it is customer's responsibility to follow the procedures and guidelines recommended by our company. There are probably some reasonable labour charges which are necessary to the repair or replacement of our kitchen products.

### Warranty does not cover the followings:

- Caused by any faulty workmanship other than our company.
- Physical abuse, accidents, misuse, inappropriate maintenance or care. Customers should try to use appropriate cleaning products. Wipe up any spills or splashes quickly with a clean soft cloth.
- Any damage caused by transportation, storage or exposure to sunlight or chemical products, excessive moisture and excessive heat.
- Caused by any circumstance beyond our company's control or any natural occurrence. You must remember that all woods will naturally darken with age. It will naturally absorb and release moisture causing unavoidable shrinking and swelling.

Sunflower kitchen will examine the product and decide, at its sole discretion, whether it is covered under this warranty. If a manufacturing defect does occur within the terms and conditions of this warranty such defective part will be repaired or replaced by our company at its sole option. However, we will not provide or pay for the cost of removal of defective product, transportation of defective, repaired or replaced product or installation of repaired or replaced product. Furthermore, this warranty is not transferable or assignable. Our products are manufactured from highly moisture resistant materials (HMR) which are not water proof. HMR materials will deteriorate if water, steam or cooking oils soak into the material, in which case the warranty does not apply.
